# GERMANS MASS ARTILLERY FOR TERRIFIC ASSAULT ON ENGLISH

## INVASION OF PRUSSIA CONTINUES; DESPERATE FIGHTING NEAR WARSAW

PETROGRAD, FEB. 4 (Official).—THE RUSSIANS HAVE CROSSED THE ANGERAP RIVER, IN EAST PRUSSIA, AND CAPTURED FORTIFIED POSITIONS OF THE GERMANS DESPITE DESPERATE RESISTANCE. IN NORTHERN POLAND THE RUSSIANS ALSO CAPTURED THE TOWN OF SKEMPE, 33 MILES FROM THE GREAT GERMAN FORTRESS OF THORN.

WEST OF WARSAW, IN THE VICINITY OF BOLIMOW AND GOUIMINE, THE GERMANS CONTINUE TO MAKE TERRIFIC ATTACKS, SUFFERING FEARFUL LOSSES BUT STEADILY BRINGING UP FRESH TROOPS TO REPLACE THE KILLED AND WOUNDED.

THE KAISER'S TROOPS, LATELY RE-ENFORCED, ARE FIGHTING FURIOUSLY IN THE CARPATHIANS.

IN EAST PRUSSIA THE GERMANS HAVE BEEN DRIVEN BACK 35 MILES, AND THE RUSSIANS ARE WITHIN STRIKING DISTANCE OF INSTERBURG.

PETROGRAD, FEB. 4.—MANY GERMAN SOLDIERS WERE KILLED TUESDAY WHEN RUSSIAN AERIALISTS BOMBARDED GERMAN POSITIONS SOUTHWEST OF WARSAW. BOMBS WERE DROPPED ON GERMAN RESERVES AT RAWA, BZECZK AND BOGUSCICI.

### STEAMER SUNK IN LAKE MICHIGAN.

CHICAGO, Feb. 4.—The Goodrich steamer Iowa sank off Chicago harbor today. All on board were saved.

## GERMAN DYNAMITER OF BRIDGE IN MAINE JAIL

VANCEBORO, FEB. 4.—MEWERNER VAN HORNE, THE GERMAN WHO WRECKED THE RAILWAY BRIDGE CONNECTING THIS PLACE WITH ST. JOHN, N. B., WAS ARRESTED TODAY. THE SPECIFIC CHARGE AGAINST HIM IS, "WILLFUL AND WANTON INJURY AND DEFAACEMENT OF BUILDINGS." HE WILL BE TRIED THIS AFTERNOON.

### GRAIN AND PROVISIONS IN CHICAGO.

CHICAGO, Feb. 4.—May wheat, \$1.60; corn, 81½¢; oats, 59½¢; pork, \$15.55 per cwt.; lard, \$11.40 per cwt.; ribs, \$10.45 per cwt.

## SHERIFF CAPTURED NEGRO WHO ELUDED OFFICERS 4 YEARS

JOHN ROBINSON, MURDERER OF CHARLIE BELL AT ORANGE CITY, FOUR YEARS AGO, CAPTURED MONDAY.

Sheriff E. L. Smith came over from Deland, Wednesday afternoon, for

Johnny Wick and Joseph Boyle, two white boys charged with the offense of grand larceny.

A Daily News reporter who interviewed Mr. Smith, learned of the capture of John Robinson, a negro murderer for whom Volusia county officials had been searching for several years, and who was arrested by the sheriff, at Winter Garden, last Monday night.

The crime for which Robinson was sought is alleged to have been a peculiarly atrocious one. One night in 1911, about four years ago, so the story goes, an Orange City negro named Charlie Bell was called from his house and shot down in cold blood. Bell died and Robinson, about whose being guilty of the murder there seems to be little doubt, fled. He was heard from several times during the long period he remained at large, but until this week all efforts to capture him were fruitless.

Robinson was placed in jail at the county site, and probably will be tried for murder at April term of circuit court.

### CITY OF WINNIPEG WANTS RAILWAYS TAXED

WINNIPEG, Feb. 4.—An attempt will be made at the session of the legislation which opens today, by the city of Winnipeg, to obtain relief from the clause of the railway taxation act exempting railways from the payment of local improvement taxes.

### "This Weather"

## KAISER'S PET AMBITION CAUSES RUSH OF TROOPS ACROSS THE CHANNEL

LONDON, FEB. 4.—WITHIN THE PAST THREE DAYS 47,000 BRITISH TROOPS HAVE BEEN SENT ACROSS THE ENGLISH CHANNEL TO MEET THE NEW OFFENSIVE WHICH THE GERMANS ARE EXPECTED TO MAKE ALONG THE LINE IN WEST FLANDERS. THE GERMANS ARE MASSING THEIR ARTILLERY FOR A MOST TERRIFIC ASSAULT UPON THE ANGLO-FRENCH POSITIONS NEAR THE BELGIAN FRONTIER. FOR POLITICAL REASONS THE KAISER DESIRES A VICTORY OVER THE ENGLISH RATHER THAN OVER THE FRENCH.

### GEORGIA DOCTOR LYNCHED TODAY.

AUGUSTA, Feb. 4.—Dr. Culberson, a physician of Evans, Ga., was shot to death early this morning, by citizens of that community. The doctor was charged with having criminally assaulted the daughter of a magistrate.

Dr. Culberson was a native of North Carolina, and was frequently in trouble. He terrorized several counties, whipping and shooting negroes, and shooting out tail lights of automobiles. His body was riddled with bullets and left in the yard. An inquest will be held this afternoon.

### FRENCH AIRMEN BOMBARD ADRIANOPLE.

ATHENS, Feb. 4.—French aviators, operating from the Allies' fleet off the western Dardanelles, have been bombarding Adrianople and doing effective execution, says a dispatch from Salonika.

## BERLIN SAYS GERMANS MADE GAINS; RUSSIAN CLAIMS FLATLY DENIED

BERLIN, FEB. 4 (Official statement, via wireless).—THE GERMANS HAVE CAPTURED THE MAIN FRENCH POSITIONS NORTH AND NORTH-WEST OF MASSIGES, IN THE CHAMPAGNE DISTRICT. THREE TRENCHES WERE TAKEN ALONG A FRONT OVER A MILE LONG AND HELD DESPITE FURIOUS COUNTER-ATTACKS BY THE ENEMY.

THE GENERAL STAFF DENIED THE CLAIM OF RUSSIAN GAINS IN THE CARPATHIANS, ASSERTING THAT THE AUSTRO-GERMAN ARMIES HAVE MADE SEVERAL GAINS.

IN EAST PRUSSIA, FEEBLE RUSSIAN ATTACKS UPON THE GERMAN POSITIONS SOUTH OF THE MENEL RIVER WERE REPULSED. SOUTH OF SOCHAZEW, REPEATED NIGHT ATTACKS WERE BROKEN DOWN, RESULTING IN HEAVY LOSSES ON THE PART OF THE ATTACKERS. THE GERMANS ARE ADVANCING IN THE BOLIMOW REGION DESPITE VIOLENT RUSSIAN COUNTER ATTACKS.

### FRENCH AND GERMAN AIRMEN ACTIVE.

BERLIN, Feb. 4.—French aviators are making long flights daily over Alsace, dropping bombs on German barracks and military depots. Some of the airships have even crossed the Rhine. German airmen recently flew over the Meuse district and dropped bombs at Luneville, Ponta Mousson and Nancy.

## GERMANS BRAVE FRENCH ARTILLERY IN BELGIUM

PARIS, FEB. 4 (Official).—IN A NEW ATTEMPT TO MAKE THEIR WAY BACK TO THE COAST, THE GERMANS ARE ATTACKING ALONG A 20-MILE FRONT IN THE VICINITY OF LEN AND BETHUNE, BUT ARE BEING REPULSED BY HEAVY FRENCH ARTILLERY.

FRENCH TROOPS SCORED SUCCESSES IN THE CHAMPAGNE DISTRICT, BUT SOME FRENCH TRENCHES NORTH OF MASSIGES WERE WRECKED BY GERMAN MINES.

IN ALSACE THE FRENCH MADE SOME PROGRESS NORTHWEST OF HARTMANNWEILER.

## WORK ORDERED BEGUN ON ROADS NEAR HERE

COUNTY SUPERINTENDENT  
RECOMMENDS PURCHASE OF  
STEEL CASES — STOCKADES  
TOO COSTLY.

At the February meeting of the commissioners of Volusia county, the superintendent, W. D. Bradshaw, submitted his report for the month of January. The following synopsis contains the report's essentials features:

On account of so much rain and the consequent bad condition of the roads in the "flatwoods," a stockade was built at the five-mile post on the New Smyrna-DeLand road, and the county convicts, 57 in number, were moved to the new camp on January 30th.

During the month one convict escaped and another was recaptured. Considerable sickness, due to wet weather, hampered operations during the month.

Completed about six miles of grade. Used tractor on Daytona-DeLand, Daytona-Ormond and other roads. Repaired Daytona-New Smyrna, Daytona-Ormond roads, and Ridgewood avenue through Kingston, using on the three roads 62, 148 and 53 yards of shell respectively.

Culverts received for DeLand-Lake

Helen, DeLand-DeLeon, and Daytona-New Smyrna roads, and same are to be placed at once.

County asked to purchase a lot on which to locate permanent stockade and storeroom for road tools and machinery not in use.

Requested permission to take up matter of purchasing portable steel cages for prisoners. This request was accompanied by the statement that about \$3,000 is spent every time a new stockade is built. The superintendent thinks it would be more economical for the county to buy cages.

The commissioners instructed the road superintendent to begin working with the grader all public roads in that section of the county between Daytona and the line of Brevard county. It is understood that the work in this section of the county will be commenced right away.

*Hankins says:*

## "DEHORNING ONE ANOTHER"

Written Especially for the Daily News  
By DR. CHARLES FREDERIC GOSS  
Author "Redemption of David Corson"

An old, but altogether too easily forgotten truth has received some vivid illustrations in the last few days.

President Wilson asserted that he had long ago discovered that when he could get close enough to somebody with whom he had disagreed, and about whom he had become suspicious, he "saw his horns fall off!"

And Mother Jones, the labor agitator, acknowledged, after their interview together, that John D. Rockefeller, Jr., was a far better kind of a young man than she had supposed, while he made the same generous admission about the unsuspected virtues of that apparently wild and venomous woman.

And from the conference which Mr. Rockefeller and the leading spirits of the labor unions held together, both parties emerged, upon their own confessions, with new respect for one another.

It is a double-dyed platitude to assert that a vast majority of the animosities of human existence are to be attributed to misunderstandings; but while all of us know that this is true, we are not governed by the fact. Within a few short moments after reading this homely reassertion of an indisputable principle of life, and brilliant illustrations of it in these three dramatic incidents, not a few of us will be likely to misjudge and

to condemn the actions and the motives of our fellows, and even of those we love the most.

Why cannot we learn to "put ourselves in each other's places" and try to gain each other's "point of view?" Why cannot we settle down to the belief that none of us are "either so good or so bad as we think each other?" It would be so easy to rid the world of its individual, and family, and national, and even racial quarrels, if we would only take the trouble to "see eye to eye."

Perhaps this is true, even of the great, world-war now raging. To dig down into the underlying motives which prompted it, would be to find selfishness enough, God knows. But, beyond a doubt, a true analysis would reveal the fact that no single individual and no single nation had been as vile and wicked as the others had supposed.

At any rate, what is imperatively needed and what must finally be attained, is a mutual understanding. Sooner or later, the representatives of these angry nations must sit down around a council board and explain their conflicting purposes to one another.

In this dramatic conference, let us hope that all will "see each other's horns fall off!"

There is a science of dehorning cattle and there ought to be another of dehorning men.

## VEXING PROBLEM OF HANDLING CONVICTS

COUNTY COMMISSIONERS PUZZLED--FUND INADEQUATE TO MEET EXPENSE OF FEEDING AND CLOTHING 100 PRISONERS.

The far-reaching effects of the war in Europe is being felt by the officials of Volusia county. This is a bald assertion, but it is as true as any gospel ever written. The war shut off the shipment of naval stores, phosphate and lumber. The state leases its convicts to the operators of these industries, but the low ebb of the markets has placed the operating companies in such financial shape that they cannot pay the state for the hire of the convicts. Each county receives back as its fine and forfeiture fund the proceeds from the hire of its felonious convicts. The state of Florida can't get the money from the lessees, consequently the state cannot pay over to Volusia county its share. The salaries and fees of the court officials

cents a day to feed a prisoner in jail, while the expense of feeding him in the road gang is 91 cents per diem.

The only solution to the grave problem now facing the county is to induce prisoners to pay fines. But how can they? Many are convicted on vagrancy charges, and if they had money they would not be vagrants. County officials are thinking over-time in an endeavor to erase the big question mark.

### Daily Thought.

All that I have seen teaches me to trust the Creator for what I have not seen.—Emerson.

### Doubtful Ancient Armor.

There has recently been much said of the armor of Philip II of Spain, of which the museum of artillery has been deprived in favor of King Alphonso XIII. We hope that this rare piece is more authentic than the armor of Joan of Arc, which the king of Spain so greatly admired at his recent visit, says Le Cri de Paris. The breastplate that Alphonso XIII gazed upon with such veneration is in reality an armor fashioned at least 150 years after the death of the Maid of Orleans and was worn by some Italian condottiere. For a long time this shell

CARD CLUB ORGANIZED BY THE  
LADIES OF ST. PAUL'S CHURCH

At a meeting of the ladies of St. Paul's Catholic church, called by Mrs. J. B. Uebelhoefer, and held in the church parsonage, Wednesday afternoon, a card club was organized the first regular meeting of which will take place in the parsonage next Monday afternoon, with Mrs. J. F. Morrissey and Mrs. E. T. Conrad as hostesses for the occasion. Meetings will be held every Monday afternoon thereafter at the parsonage. The membership fee will be \$5.00. Visiting members of the church sojourning in the city are invited to attend the meetings, and in such cases a small fee will be charged. The formation of this card club will form a pleasant social feature in Catholic circles in this city, providing a place where members of the same faith visiting in Daytona may meet and become better acquainted while enjoying the cards. The funds acquired through this course will be used for church purposes.

### Restoring Venus.

The Rokeby Venus, the beautiful painting in the British National gallery which was slashed by a militant suffragist, has been so deftly repaired that the damage done cannot be detected by the ordinary observer. As a concession to properly accredited art students the gallery, which was closed to the public after the outrage, has been reopened to them.

### TRADE ASSOCIATION

#### MEETING AT HARTFORD

HARTFORD, Conn., Feb. 4.—A meeting was held in the board of trade rooms by the joint committees of the board of trade, business men's association and the old chamber of commerce for the purpose of amalga-

matizing. The business men's association at its annual banquet tonight will have Former President William Howard Taft, Lieutenant Governor Clifford B. Wilson and Mayor Joseph H. Lawler, as the speakers.

## PORT ORANGE.

PORT ORANGE, Feb. 3.—And still it rains, and rains!

Mr. and Mrs. M. Kelly, of West Newton, Pa., and Mr. and Mrs. Bert Anderson left Sunday morning for an auto trip, going via DeLeon Springs, Deland, Orange City, Sanford, Orlando to Kissimmee to visit some friends where they stopped over night, returning Monday and arriving home in the afternoon. They report a nice trip with all kinds of roads, the brick roads being the best. Between Orlando and Kissimmee one stretch of the road has been graded up several feet high in places, through low ground, preparatory to making a brick road. Through this was a crooked track several inches deep, making it very difficult, in places impossible, to turn out, and autos had to be on the watch for places to pass.

Mr. and Mrs. H. C. Zimmerman returned a few days ago from points they had been visiting on the West Coast.

Mrs. Aldrich has arrived. She came by train. Mr. Aldrich is on the way with his car. They have engaged the Broom house, which they have occupied for some years.

Mrs. Clara Needham arrived Monday night and will occupy her home on Herbert and Riverview avenue, where she has made her home for a number of years. Her friends are glad to tender her the glad hand.

Charles E. Smith, an old soldier, aged about 76 years, died late Tuesday evening, the 28th ult. His burial took place Wednesday afternoon in

JAPANESE PAGODA and Tea Room.  
CHOP SUEY a specialty. Next to Lyric  
Theater, Daytona Beach. Open day and  
night. Telephone 149 Red.

Port Orange cemetery. So far as known the deceased had no relatives in this country.

Moses Hunt, who has a winter home on the peninsula opposite here, writes from West Palm Beach, where his house boat is located, that it is raining.

The Zimmermans came in with a string of some 15 large trout a few days ago.

The appeal for help to make Ridgewood avenue (J. Anderson highway) a good road appears to have fallen on deaf ears. The only response, so far as reported, being a notice from the secretary of the Daytona board of trade that he has been instructed to ask our council to do something toward putting the road in order. The road was being repaired before the letter was written.

Plans for putting Ridgewood avenue in order had been made, but as the town funds were low and we are not allowed to go in debt, or borrow,

until taxes were paid, nothing could be done. Then the very unusual wet weather came on and the work that had been done, that would have made a fine road under dryer conditions, made the street worse. But it was the heavy auto travel and the rain that put the street in the condition it has been, and neither of these can be justly laid to Port Orange, so do not blame us too severely. Roads that were fairly good, that would have stood ordinary wear, have simply gone to pieces, and the rain and heavy travel are very much against making repairs.

R. T. Thrasher, who spent a few months here in the fall of 1913, removing to Chuluota, Fla., is here for a few weeks.

John Detwiler was calling on friends here Sunday on his way to Daytona.

E. P. McDonald paid a two-days' visit to his daughter, Mrs. Eugene Robinson, at Oak Hill, last week.

## THE FASHIONS OF THE DAY

By Maude Hall.

NEW YORK, Feb. 4.—What of the new silhouette? What is the woman to do who loves a slender waistline, yet admires the full shirred skirts?

These questions are vexing Dame Fashion, and she has partly solved them, for she is distributing the fullness about the waistline into side gathering, plaits, corded shirrings and other effective trimmings that bespeak continued popularity for the full skirt.

The new materials lend themselves to the latest styles, with unusually graceful results. Organdy has been revived and it comes in many beautiful colorings. It is used for one of the few frocks that have come over from Europe since the beginning of the new year. The distinguishing details of the model are bretelles and a soft girdle. The organdie has a design of mauve and pale blue flowers on a white background, and the shade of the blue is copied in the pale blue satin that forms the trimmings of the frock. This fashioned into shoulder straps or bretelles that pass from the belt over the back of the dress. The girdle is soft and has a low front. The underskirt is of pale blue satin. There is a touch that suggests France, although the American dressmaker can attain success in her own dressing room. The pale blue satin bretelles and bow are lined with mauve silk, and this two-toned effect carries out the beautiful color scheme to a fine conclusion.

The skirt of the frock has a comfortable fullness, and at the lower part there is another ruffle that makes the assurance double sure. The sleeves are long, ending in a deep ruffle that drops over the waist. This is to be one of the popular forms of dresses of this type. Any flowered muslin combined with taffeta satin or plain silk and cotton fabric will make up in a satisfactory way after the model here described.

White cotton crepes, very soft, and embroidered in yellow and green dots are used by some of the leading dressmakers in the development of frocks for early spring wear. Sometimes the round, full skirts are shirred to the hip yoke; then again, they will be stitched onto the hip-yoke, perfectly plain, without the least suggestion of fullness. In every instance the waist is very simple having its chief adornment supplied by a broad collar and revers, cut in one, and cuffs of contrasting material.

The new cut-out and skeleton effects in waists both for independent wear and as a part of one-piece frocks are clever developments in guimpes. Particularly smart are the new guimpes with high stock and side pieces of net or lace. These side-pieces cross in surplice style, leaving a V at the front uncovered.

There is a great variety of separate stocks. In their simplest form they are merely a band of material encircling the throat and turned down over the band at the side in a shaped tab. Sometimes a bow of ribbon is added at the front, but not always.

One of the quaint details of the new tight bodices is the lacing. There are in some bodices of taffeta faille or satin, pointed a little and laced up the front. There are other bodices laced at the back, with long silk cords tied in a small bow at the top or the bottom of the lacing. And in still other frocks there are lacings in the sleeves. These lacings are quite decorative, and add a touch of ornament to the simple bodices on which they are employed. The simplicity, even plainness, of some of the new bodices is quite noticeable. Sometimes there are buttons, sometimes there is stitching, and occasionally in an evening frock the little bodice is edged with a band of satin, since softer materials are taking the place of fur. But plainness is the feature that marks most of them, nevertheless.

Where the waistline will eventually decide to be is a matter of speculation. Just now it is sometimes normal, sometimes high and sometimes low.

Universal Discord.  
One shriek of hate would jar all the hymns of heaven.—Tennyson.

## 1,100 AUTO LICENSES ISSUED FOR VOLUSIA

DAYTONA ALONE HAS IN IT AS MANY MOTOR CARS AS HAS THE WHOLE OF ORANGE COUNTY, INCLUDING ORLANDO.

During a recent visit to Orlando, one of Volusia county's officials was informed by one of that city's boosting citizens that 600 automobile licenses have been issued in Orange county since the beginning of the present fiscal year. As the Orlando man pronounced the number his countenance bore a sort of exalted, look-at-the-figures-and-wilt cast. The Volusia man didn't wilt any to speak of, but he closed his mouth right tight and hiked for home. Then he hot-footed it to the county court house and took a long, loving look at Volusia's auto-license record, and what he saw would have given the Orange county man sore eyes. Witness:

Since the first day of October, 1914, when the current fiscal year began, approximately 1,100 automobile licenses have been issued in and for Volusia county. Of these 1,100 licenses about 600 came to the city of Daytona. Which is to say that there are in Daytona as many automobiles as have been reported for the whole of Orange county, including Orlando and the various other towns and villages.

S. A. Pierce, of Jamestown, R. I., has purchased from Frank D. Spring a lot on Ivy Lane, just east of the Ivy Lane Inn, upon which it is said he will erect a residence. Mr. Pierce is well known here, having for several seasons been engaged in the buying and selling of real estate in this city and vicinity.

Mrs. C. M. Wilkes, of Chicago, Ill., who has been visiting Mrs. Geo. H. Munroe in this city for a month or more, departed Thursday morning for San Diego, Cal., and will later sail from San Francisco for a tour around the world.

Mr. and Mrs. J. O. Bowditch, who have been guests for several weeks at the Ivy Lane Inn, departed Thursday morning on their return to Cincinnati, Ohio, stopping over at St. Augustine en route. They were accompanied to St. Augustine by S. R. Burton and the Misses Trader, also of Cincinnati, and guests at the Inn, who will return to Daytona after a day or two spent in the Ancient City.

Mrs. William Ledwith rejoined Mr. Ledwith the fore part of the week at their home on West Orange avenue, returning from Delray where she had been called some time ago by the serious illness of her mother, Mrs. M. E. Fulce, whose condition shows little or no improvement.

A small room has been built at the front of the Magnolia Novelty works on Magnolia avenue for office purposes.

Mr. and Mrs. John E. Van Hagen and daughter, Miss Nellie Hull, of Troy, N. Y., arrived in the city Tuesday evening and are located for the season in the C. S. Bradley cottage, 418 South Palmetto avenue. Mr. Van Hagen has spent four or five seasons in Daytona in the past, but has not been here for the past three years. Like others who have visited here he could not resist the call to return to what he says is the prettiest place in Florida.

Dress skirts are growing wider day by day, and petticoats, finding that they have room to disport themselves, are breaking out into frills and flounces by invitation on the short, sturdy material still vastly different from the petticoat of yesterday.

mat, sometimes high and sometimes low.

## MASTER COMPOSER CONCERTS ATTRACTS MUCH ATTENTION

NEW YORK, Feb. 4.—Never in the history of the Symphony Society of New York has such widespread interest been aroused as in the five Master Composer Concerts to be given in Carnegie Hall this afternoon, and on the 10th, and March 2, 9, and 16, under the direction of Walter Damrosch.

**Standard Tests for Hemp.**  
According to a report from the American consul at Hongkong, the fiber division of the bureau of agriculture at Manila is conducting extensive experiments for the purpose of establishing scientific standards for testing hemp. In lieu of the present methods according to which experts of many years' experience judge the quality and value of the product by sight and touch. The new tests will be based upon the relation between the weight of a meter length of the fiber and the breaking strain. Tests for single fibers will be varied with tests for twisted fibers. As soon as this system of tests is fully worked out it will be put into effect in the Philippine hemp market.

## ALLANDALE.

ALLANDALE, Feb. 2.—New guests registered at Ye Inn for the week are Miss Myra G. Williams, Rockledge; E. S. Williams, Ft. Pierce; M. P. Cornwall and wife, Daytona; Miss E. Stamm, Wheeling, W. Va.; Mrs. Chas. Butler, Sperry Butler, Edward Butler, Chicago, Ill.; Judge Bert Eism, DeLand; Miss Flora Schneider, T. E. Fitzgerald and wife, W. M. Hankins and wife, F. W. Pope and wife, Dr. C. C. Bohannon and wife, Daytona, and Glenn Hallett, Sae City, Ia.

For Sunday dinner at Ye Inn there were Messrs. Wallace, Oates, Niver, and Burgoyne, Daytona; M. M. Granger, W. D. Schultz and wife, Zanesville, O.; W. R. Baker and wife, Mrs. E. G. Child, W. E. Hitecock and wife, J. W. Rikeman and wife, Mrs. E. J. Holland, Miss B. Schwarz, Mrs. J. H. C. Howes.

In spite of the stormy weather of last Wednesday evening a party of 12 couples came down from Daytona for a dance at the club house, and a delightful time was on tap.

The five hundred club met again

## WALKOVER SHOES

HONEST VALUES BUILT THIS BUSINESS  
LET YOUR NEXT PAIR BE WALKOVERS

**FOSTER COMPANY**

this week at the club house. An extra meeting was held on Friday evening of last week with an attendance of twenty-four; several couples coming down from Port Orange.

The bungalow of Miss M. Brock is well under way and plans for two more houses are being made; one on the river side and one on Ridgewood avenue. Both houses are to be somewhat better than any that have yet been built here.

It is not strange that the people of Port Orange and Allandale should petition the county to join with Daytona for a special road district for the improvements on the roads in this section. This would mean a brick highway from Harbor Point north to the county line, and a shell road out Dunlawton west, opening up the fine hammock land in Dunlawton. The people of Port Orange should not overlook this matter as it would give the town authorities the money collected for taxes to use in improvements on the river front and side streets of their town.

The Harbor Point company has donated 500 yards of shell to Port Orange for repairs on Ridgewood avenue, and the work is going on, making the road safe for travel.

In what section of the county have

the property holders done so much to make good roads as right here, and the county commissioners done so little? Even after shell for the roads is given them they won't give the labor to spread and roll it. The riverside road is still obstructed with heaps of shell and has been so for a month.

## SURPRISE PARTY ARRANGED FOR BIRTHDAY ANNIVERSARY

A delightful event took place at the apartment house of Mr. and Mrs. Edmund Miller, corner of Cedar and Palmetto avenues, on the occasion of the 72nd birthday anniversary of Mr. Miller, in the nature of a surprise, arranged by the guests of the apartment.

Friends and guests to the number of twenty presented their congratulations in verse. After this a short program of music and readings was given. A reading by Mrs. Couch, of Buffalo, N. Y.; piano music by Miss Bulpre, of South Carolina, and Mrs. Fowler, of Ohio; songs by Mr. Lucas and Mr. Miller were all very much enjoyed. Mr. Miller received several pleasing gifts. The birthday cake with its 72 flaming candles, was an attractive sight.

After this light refreshments were served.

## MOTHER JONES AND ROCKEFELLER, JUNIOR

NEW YORK, Feb. 4.—A woman of the people, whose eighty-three years have whitened her hair but haven't dimmed the fire in her blue eyes, called by invitation on the short, sturdy, sober-faced son of the richest man in the world and told him what he might do for men and women who labor. That very office on the fourteenth floor of 26 Broadway, into which she solemnly—and vainly—charged a few months ago, has now seen "Mother" Jones as the honored personal guest of John D. Rockefeller, Jr.

More than that, young Mr. Rockefeller has asked the veteran labor agitator to accompany him during his investigation of the Colorado mining district.

"I want you right with me," he assured her when they met in City Hall, where the United States committee on investigation is holding hearings. "Mother" Jones smiles and says that of course Mr. Rockefeller was only joking. But in the next breath she admits that she's going back to Colorado as soon as she can

get there, and that she truly believes Mr. Rockefeller will soon take up that personal investigation.

"What do you think Mr. Rockefeller can really accomplish for the betterment of the industrial conditions in Colorado, she was asked. Suppose you show him proofs of the various abuses, even as you say you have described them to him. What do you believe he can do about it?"

"Mother" Jones believes frankly that the best John D. Rockefeller, Jr., can do is to make the lives of his working people more endurable until labor possesses the fruit of labor. She does not believe that John D. Rockefeller, Jr., is big enough to overturn the capitalistic system of which he is a part, even if he were convinced of its wrongness. The workers must bring about this reversal. Nevertheless, before they do it they must have learned how to think. By assuring to them the simple American liberties of free schools, free speech, free assemblage and free press Mr. Rockefeller thinks will increase the number of thinkers and thus hasten indirectly the "day of labor."

**CANADIAN PARLIAMENT MEETS THIS AFTERNOON**

OTTAWA, Feb. 4.—At a meeting of the cabinet it was decided to call parliament together for its regular session this afternoon.

The impression is that the session will be a comparatively short one, and that it will be over by Easter, the first week of April.

Practically no legislation of a contentious nature will be introduced. The business will be largely confined to war measures, the voting of the war appropriations and the supplies necessary on the business for the country. There will be a small grist of private legislation, including railway bills.

The war measures will of necessity include legislation designed to produce revenue to meet at least a portion of the war expenditures. There will undoubtedly be some tariff changes, as well as a bill providing for some measure of direct taxation. Just what form this will take is not known, but it is probable that it will be in the nature of a stamp tax such as has been imposed in the United States.

The calling together of parliament on a Thursday means that there will be no change in the speakership, and

that if Speaker Sproule goes to the senate it will not be until after the session is over.

The several vacancies in the senate will probably all be filled before the house meets, and steps will be taken to fill the several vacancies in the lower house.

**Sick Insurance in Prussia.** Prussian sick insurance, which in amended form went into effect January 1, has been found applicable to domestic servants. In Berlin the rate amounts to about ten per cent of the wages paid, which is considered out of all proportion to the risk. The government is considering an amendment to separate the class of domestic servants from other labor.

**Tales of Tennyson.** The London Times at two cents would have relieved Tennyson of one of the minor annoyances of his daily life. Lady Taylor once took a friend to see the poet and was rather coldly received. On Lady Taylor rallying him on his manner, he said: "Madam, I am a poor man, and as I can't afford to buy the Times I have it from the stationer. He charges me two cents for it, which entitles me to keep it an hour. Why will people select just that hour to come and call on me?"

Indian River boat lands at our dock or get off train at Poinciana station. Nightly informal dancing. Cafe. Band Concerts in Coconut Grove. Cuban Giants play ball daily. Rates about same as Daytona. Booklet.

**NEWS OF THE HOTELS**

Everything runs along smoothly at the various hotels of the city, a sure sign that business is good and the winter visitors pleased.

Mr. and Mrs. E. C. Sinnen, of Winter Park, and Geo. D. Sinnen, of Pittsburg, Pa., motored from Winter Park, Wednesday, and report the roads between Daytona and that city in fair condition. While in this city the party are guests of the Ridgewood.

Mr. and Mrs. T. C. Northcott, of Luray, Va., arrived at the Ridgewood last evening, and will spend several weeks at that hotel. Mr. Northcott is owner of the famous and magnificent Luray caverns, which are visited by so many tourists each season.

The usual mid-week dance at the Despland was a pleasant feature of the week at that hotel, last evening, and was thoroughly enjoyed by the many couples present. Dancing has given more general pleasure this year, perhaps, than any of the previous seasons.

**DAIRMEN OF ILLINOIS IN SESSION AT PEORIA**

PEORIA, Ill., Feb. 4.—The Illinois State Dairymen's association met in convention here today. In connection with the exhibits of dairy cattle, dairy machinery and supplies there is a corn show.

The convention and exhibits are housed in the Coliseum where there is ample room. It is the best dairy meeting in the history of the state association.

The program presents the names of many prominent men including Hugh G. Van Pelt, of Iowa; Dr. C. G. Hopkins, of Illinois University; N. P. Hull, of Michigan, president of the National Dairy Union; G. L. McKay, secretary of the American Association of Creamery Butter Manufacturers; Prof. J. H. Franden, of Nebraska; Prof. Harding, University of Illinois; Prof. J. D. Jarvis, of Indiana; Hon. Fred L. Hatch, of Illinois; W. W. Marple, of Chicago; Hon. W. Scott Mathews, State Food Commissioner.

**Real Contest.**

For a real scientific contest of conversational endurance, just introduce a woman fresh from the hospital to a man with a new automobile.—Duluth Herald.

**Big Explosives Output.**

The bureau of mines has compiled some figures on the production of explosives in this country in 1912. It appears that there were manufactured 230,233,369 pounds of black powder, 24,630,270 pounds of permissible explosives and 234,469,492 pounds of high explosives, such as dynamite, nitroglycerin, etc. Of the high explosives 69,703,081 pounds were consumed in mining other than coal and 4,668,399 pounds of permissible explosives in the same industry.—Mining Journal.

**Duse Finds Artist Home.**

Eleonora Duse, the greatest actress in Italy, has contributed \$2,000 toward the foundation of an artists' home or club in Rome. Signora Duse says that Italian actors and actresses in Italy are relegated to a sort of ghetto, and it is high time that they should have a home or club with a library, a reading room, a lecture hall, and other comforts. Very likely Signora Duse will give her villa in Rome for the artists' home which she hopes to have inaugurated next month.

## MRS. W. F. BLEEKMAN ENTERTAINED CLUB

A perfect day and warm welcome was experienced by more than one hundred guests at the beautiful home of Mr. and Mrs. W. F. Bleekman, at 123 Halifax avenue, Tuesday afternoon.

The spacious rooms were tastefully decorated with cut flowers and potted plants, and the beautiful surroundings and gracious hospitality of the hostess helped to make it a day long to be remembered by those who were fortunate enough to be present.

All loyal citizens of Daytona Beach are greatly interested in the work of the ladies for the up-building of the town from an educational standpoint.

The Library club is planning to erect a building on the lot on Peninsula drive in the early part of the spring, and to this end the members are devoting every energy to detail work of the club, remembering that individual fidelity to the work is of vital importance.

Mrs. Gage had charge of the program for the afternoon which began with a few selections from a fine graphophone. Little Thelma Andross sang two songs in a clear sweet voice. A lady, whose name was not learned, gave a recitation with fine effect. Miss Gladys, daughter of Mrs. Wilson Allen, sang a solo entitled, "We Are Out for Prohibition," and graciously responded to an encore.

A pleasing feature of the program was "Mind Reading," by Mrs. Dr. Holland. Miss Maxine Odum recited "Geneva," in her usual charming manner. The graceful dancing, by Mrs. Lund, received generous applause. Mrs. Gage closed the program with one of her inimitable readings.

The hostess served delicious cake and fruit punch, and a social half hour enjoyed before the guests took their departure, declaring it to have been one of the most successful and enjoyable meetings the club has yet held.

If you see it in the Daily News it is pretty apt to be just that way.

## LINCOLN LECTURE BY DR. CHARLES F. GOSS

LIFE AND CHARACTER OF MARTYRED PRESIDENT ABLY DISCUSSED BY NOTED AUTHOR AND PREACHER.

DAYTONA BEACH, Feb. 3.—Dr. Chas. Frederick Goss, D. D., of Cincinnati, O., the able preacher, lecturer and writer, delivered his lecture on Abraham Lincoln in the auditorium of the First Methodist church of Daytona Beach last night in the presence of at least 400 people, chairs being placed in the aisle to accommodate the crowd.

Robert F. Holmes, president of the Tourist Bible class, introduced the speaker, and it was under the auspices of the class that the lecture was given.

Dr. Goss sketched the history of Lincoln from his birth to his tragic death at the acme of his fame, touched the high points in his career in a way that brought forth frequent applause, following which he dwelt on Lincoln's high ideals, and his characteristics. His central idea was the preservation of the union first, and second, the abolition of slavery. His characteristics—humor, humility, magnanimity, justice and faith—were dwelt upon by the speaker with telling eloquence, incidents of each being given. During his address Dr. Goss frequently referred to Lincoln as the archetypal American.

This lecture was the second num-

ber of the Tourist class entertainment course. The next number will be the trip to the Tomoka, Monday, February 8th. The entertainment course so far has been a great success, and those who have taken tickets are anticipating with keen pleasure the trip up the beautiful Tomoka Monday.

### Appeal for the Blind.

The head of every firm in the United Kingdom employing 100 hands or more has received a communication asking him to permit a collection to be taken among his employees for the benefit of the National Institute for the Blind, whose new premises have just been inaugurated by the king and queen. The letter asks them to permit the exhibition in their works of posters on which is a picture of a blind man to whom a book in Braille is being handed by a pretty girl, while underneath the picture is an appeal for contributions.

### New Yorker Shoots Polar Bear.

The shooting of the first polar bear was delegated to Mr. S. O. Wood Pell of New York, a privilege of no secondary kind in a party of rather keen sporting appetites. It was midnight—the transparent gauze of a half darkness. A sailor called our attention to a blot of white moving cautiously toward the ship, and in a few minutes the unmerciful bulk of a polar bear was plainly visible, ambling along faster and faster. When within a hundred yards he uttered an angry growl and raced toward us, with the manifest intention of clearing the Neptune and her passengers off the map of the Arctic. Mr. Pell's first shot hit him in the shoulder and tumbled him off the "pan" into the water. He attempted to dive, but rifle after rifle took a line on him and landed four or five shots before he gave up the fight. We lowered a small boat, photographed Mr. Pell and his bear, and brought the first real trophy proudly aboard Wide World Magazine.

Orders for job printing received at this office will be promptly executed and delivered to your address.

### ARRIVAL AND DEPARTURE OF MAILS.

Mails arrive and depart from Seabreeze postoffice as follows:

Southbound—Arrive 5:45 a. m., and 4:15 p. m.; depart, 11:15 a. m. and 6:00 p. m.

### Honor to Kitchener.

A statue of Lord Kitchener has just been unveiled in Calcutta. A large gathering of Bengal notables, European and Indian, all the regular troops in the garrisons, and a large contingent of Boy Scouts witnessed the unveiling of the statue. The governor, Lord Carmichael, made a speech in which he praised Lord Kitchener's ability as a soldier and an administrator.

## FINE DISPLAYS AT CLARENDON

ENTERPRISING BUSINESS CONCERNS WORTHY OF LIBERAL PATRONAGE FROM GUESTS AND THE GENERAL PUBLIC.

Hotel Clarendon patrons and the general public are respectfully requested to scan the advertisements occupying space in this department, for it is largely due to these enterprising business concerns that the Clarendon section is made possible from a financial standpoint, at least.

At the top of the first column appears an advertisement of the Sonntag Investment Company offering for sale building lots in Seabreeze. These lots are provided with every convenience for the home-builder, who would make Florida his permanent or winter place of residence. They have 75 feet frontage; have improved streets, adjacent to golf links, casino, street car line, hotels and beach. If you are contemplating buying a lot for building purposes, first get prices and terms on property in Seabreeze.

Directly under the space occupied by the Sonntag Investment Company is a one-inch space that may be had by any one who desires to advertise. The price, for the balance of the season, is reasonable.

The next block notices Equinox ginger champagne as sold exclusively in Florida by Ranslow, the Clarendon druggist, with headquarters under the arch. If you were to try a bottle of this celebrated non-alcoholic

beverage, your next move would be to go direct to the store for a dozen bottles.

Auto service for the big hotel by the sea, is this year in charge of Hunt & Thompson, and by calling up 134-blue, your needs will be promptly supplied. This popular concern occupies a space just under the Clarendon drug store advertisement. Last but not least among the advertisements found in the first column of this department, appears a small display ad of the Nordman Point orange grove, situated on the Daytona-New Smyrna road. The proprietor makes a business of supplying tourists with boxes of oranges and grapefruit for shipment to any point desired. Orders for same will receive prompt attention at all times.

The ladies are especially invited to visit the Downing shop just off the lobby where bewitching gowns and latest creations in millinery are being exhibited. Shipments from the Boston headquarters, which are made nearly every day, keep the local shop provided with the latest fads and fancies as soon as they are introduced. The Downing advertisement is in the upper right hand corner of this department.

Joseph Scher, Inc., whose announcement occupies the center space in the last column, is just now calling attention to a beautiful display of clever frocks, wraps and millinery, exclusive in design and moderate in price. The Scher shop is located on the corner of Beach street and Volusia avenue.

The unoccupied space at the bottom of the last column of the

Clarendon section is for sale, so do not delay in contracting for the same if you expect to do any advertising while the rush of winter visitors is at its height.

## ARRIVALS OF A DAY AT HOTEL CLARENDON

Tuesday's list of Clarendon arrivals include Mr. and Mrs. E. J. Tompkins, Peekskill, N. Y.; Mr. and Mrs. L. R. Eastman, Upper Montclair, N. J.; Mrs. L. H. Biglow and maid, New York city; Miss Agnes R. Thomas, New York; Mr. and Mrs. St. George Barber, Chesterfield, Md.; Mr. and Mrs. Thomas W. Durston, Miss Durston, and Miss Dennis, Newark, N. J.

## MANY PROMINENT GUESTS REGISTERED AT CLARENDON

Among the prominent people from different states who registered at the big hotel Wednesday, these names appear: Mr. and Mrs. E. W. Decker and daughter, Minneapolis, Minn.; Dr. and Mrs. William D. Morgan, and Miss G. Morgan and nurse, Hartford, Conn.; W. S. Harding, Boston; Mr. and Mrs. P. F. Brine, Boston; Mr. and Mrs. S. P. Crosby and Mrs. Alice C. Crosby, child and nurse, St. Paul, Minn.; H. C. Buckminster, Boston; Dr. and Mrs. S. Sherin, Chicago, Ill.

## THERE IS NO PLACE LIKE HOME WHEN IT RAINS

If any one wants to know just how great was the rain fall on Monday night last, there is probably no person in Seabreeze better able to answer the question than is Barney, the Clarendon porter. He happened to be on the beach about the time it began to rain the hardest, and he did not get under cover until his clothing was soaked through.

## WILL ORGANIZE CLASS IN MODERN DANCING

Miss Emily Randle, graduate of the Castle School of Dancing, of New York, will organize a class in modern ball room dancing in the Clarendon ball room, on Saturday morning, at ten o'clock. Persons desiring to join the class may leave their names at the hotel desk, or meet Miss Randle on Saturday morning.

**Ranson's Prepared Humus**  
**Soil Builder and Plant Food**

In these strenuous days of intensive farming—getting all there is out of it—give soil building some thought. Commercial fertilizers stimulate vegetable life, but it requires humus to nourish and strengthen the land. Ranson's Prepared Humus is also remarkably rich in nitrogen and other elements essential to plant growth.

Ranson's Prepared Humus is wonderfully beneficial when applied freely to gardens, groves, flower beds, golf links, trees, shrubbery and potted plants. Costs only one-third to one-half as much as commercial fertilizers; is ten times stronger and lasts ten times longer than barnyard manure. Humus is easily handled, may be applied at any time; is odorless and sanitary. Manure is disagreeable, carries weed seeds, and is a favorite breeding place for flies.

**BEFORE** **AFTER**

Your sandy soil is crying for food. Give it a liberal supply of Ranson's Prepared Humus. One customer took some and wrote his name with it on the lawn. In a short time the letters stood out plainly above the rest of the grass. Read the testimonial.

Feed your soil liberally, for it is cheap. Delivered to your nearest station anywhere in Florida at \$12.00 a ton. Sample order, six sacks for \$5.00 f. o. b. Special prices on large orders. Send your check; we will ship the Prepared Humus promptly.

**No Need to Plant Legumes and Wait for Vines to Rot**

Your sandy soil is crying for food. Give it a liberal supply of Ranson's Prepared Humus. One customer took some and wrote his name with it on the lawn. In a short time the letters stood out plainly above the rest of the grass. Read the testimonial.

MEET ME AT THE CRESCENT, FEBRUARY, 5th**DELAND MAN WINS  
THE CHAMPIONSHIP**WALTER AUGER DEFEATS CHAS.  
CONE IN A ROLLER SKATING  
CONTEST AT THE ARCADE  
RINK.

The roller skating race at the Arcade rink Wednesday evening between Charles Cone, of this city, and Walter Auger, of DeLand, for the championship of Volusia county, was won by the latter on the close margin of less than two seconds, the time of both being better by from a half to two seconds than the records made at St. Louis in the American championship races.

Auger's time was 2:58½ and Cone's 3:00-1-5, the excellent time of both being due to the fine condition of the floor. The distance covered was one mile or 16 laps.

The race was witnessed by a big crowd of interested spectators who also enjoyed the other races provided and the excellent exhibition of rope throwing, etc., by "White Eagle," the Pawnee Indian, who was filling a several days' engagement at the Arcade amusement hall.

The judges for the roller skating race were C. O. Codrington and Roy

Shacklett of DeLand, and Carl Sparks of this city.

It is now up to the roller skaters of Daytona to get into training and send some one over to DeLand to bring back the trophy, a handsome gold loving cup which was carried to the county seat by the victor.

Quite a number of people from DeLand were among the spectators, ten or a dozen cars coming over from that city in the afternoon and evening.

**RECEIVES SERIOUS INJURY TO  
EYE FROM PIECE OF BRUSH**

Friends in this city of H. J. Chaffer will regret to learn that he met with a painful and serious injury Wednesday of last week while at work at his home at Lemon Bluff, on the St. Johns river near Osteen. While stooping to pick up some brush, a piece of it entered one of his eyes. Mr. Chaffer was taken to a hospital in Orlando and it is not yet known how seriously the sight of the eye is affected. A very unfortunate feature of the accident lies in the fact that the sight of the uninjured eye is defective.

W. B. Overton, who accompanied his wife and little son to this city nearly a month ago, left Thursday on his return to Queens, Long Island, N. Y., where he is in the employ of the Long Island railway. Mrs. Overton and son will be here for the remainder of the season with her parents, Mr. and Mrs. Ernest Kretzberg, in the Arcade building.

**Don't Come**

J. H. ELDER, Pastor.

Reception and "get acquainted" social in Epworth hall, Thursday evening, 7:30.

Preaching by the District Superintendent, R. A. Carnine, Saturday evening, 7:30, to be followed by Quarterly Conference.

**AERIAL STUNTS AND  
COMEDY THREE DAYS**

THE WILSONS, TRAPEZE ARTISTS, AND REGGIE FUTCH, FUN FURNISHER, AT NEW DAYTONA THEATER.

The New Daytona will offer its patrons a novelty the last half of the week in the Wilsons, well known aerial artists, who will present the first aerial offering that has ever been on the program at the New Daytona.

The Wilsons present a trapeze act that is as pretty as it is wonderful, being handsomely costumed and mounted on the classiest nickel-plated rigging in vaudeville today.

Reggie Futch will be another per-

former on the bill, and Reggie Futch is well known here, where he has many friends. Reggie has been in Daytona several times with the Coburn minstrels, and for some seasons was one of the premier comedians with this organization. Mr. Futch promises some laughs, and a lot of new steps, punctuated with brand-new songs.

There will be a good program of "Mutual Movies," and the pictures will be a feature. "Cabiria" demonstrated that excellent pictures can be shown at the New Daytona, and that quality of films will be maintained. There will be matinees daily the balance of the week, and two shows at night, the first starting at 7:00 o'clock and the second at 8:45, with a change of program daily.

\*If you're at all particular have Le-Senne do your Kodak Finishing; next to the Merchants bank.

**Ours is a National  
BANK**

Before the UNITED STATES GOVERNMENT granted us a charter to do a banking business, they made themselves absolutely sure that there was both CHARACTER and money behind our bank. A National Bank is restricted in doing business according to the National Banking laws, and the U. S. Government Bank Examiners see that these are observed.

Besides this, the good names of reliable men of financial responsibility are behind our bank.

Do YOUR banking with US.

**"FROM MITTENS TO STRAW HATS"**

An article by Fred W. Smith, entitled "From Mittens to Straw Hats" being a very interesting description of an automobile trip from Quebec to Miami, recently appeared in Motor Print. The following reference to the roads between Fernandina, Jacksonville, Daytona and Miami was a feature of Mr. Smith's story:

"From Fernandina to Jacksonville there is a good shell and stone road. From Jacksonville to St. Augustine the road is fairly good, but is being hard surfaced all the way with brick.

From St. Augustine to Daytona there is quite a long stretch of sandy wood road which is safe and passable, but not much of a highway. In many cases it is rather a low way, and in rainy weather somewhat muddy, but St. Johns county has promised to pave it with brick, and it is not bad now.

From Ormond down the coast, all the way to Miami, there is almost continuous good hard road.

**An Amazingly Delightful Finish.**

"At Jupiter Inlet there is a magnificent new cement bridge, and from there on down the road is very fine into Miami, and also 40 miles beyond, with about 200 miles of local roads and streets around Miami. The whole trip from Daytona down to Miami is a perfect delight, with its scenery along the Indian river and its fine farms, orange groves, palm trees, pineapple fields, etc.

"Anyone can make the run from Jacksonville to Miami, 400 miles, easily in four days, running about seven or eight hours a day, and the time will be greatly reduced as soon as the little short sections are completed.

"Of course, no one must expect that this road will be the broad, flat, hard road like the northern roads, but merely in many places as good as the ordinary good country roads in other states, with stretches of narrow roads that are extra good.

"In the south it is impossible, for various reasons, to get very wide roads anywhere. The sand-clay roads through North and South Carolina and Georgia are marvels of good road work, and are built at a very small cost (\$500 to \$600 a mile) and maintained at \$40 to \$50 a mile per year. In central and southern Florida the coquina and phosphate rock roads are also smooth and hard in finish, and are built at a very moderate cost. There are many miles of brick roads in the vicinity of all the towns.

"In addition to the main line of the Quebec - Miami, there are, of course, hundreds of miles of other roads branching out from each section, and in Florida, alone, there are in all, about 1800 miles of hard surfaced roads for the tourists, besides the Quebec-Miami portion, to enjoy after he arrives in the state. The same thing can be said to a great extent of the sections through which the road passes in the states farther north.

Country Developing Rapidly. "The country is improving rapidly as to farms, and cities are growing with leaps and bounds in many cases, and there is every evidence of prosperity and wealth in a large portion of the section that this route passes through. The whole route from Canada to Miami will be a most beautiful winter trip, and any one who has passed over it is more than charmed with its attractions of various kinds.

"If tourists prefer to shorten their winter trip, they can ship their cars to Savannah or Jacksonville by Mer-

chants' and Miners' Steamship company from Boston, Philadelphia or Baltimore, or by the Clyde Line from New York to Jacksonville, and drive all the way home in the spring."

**THE WEATHER.**

For Florida: Partly cloudy and warmer tonight and Friday. Probably rain in the northwest portion. Fresh shifting winds.

**DANCING CONTEST AT  
NAUTILUS TOMORROW**

The management of the Nautilus casino announces that a dancing contest will take place in the palm garden of that great amusement resort tomorrow evening, Friday, February 5th. The event promises to be one of the most interesting of its kind yet held. There will be no charge for admission and seats will be free.

**"Sterilized" Business.** In industry and merchandizing, it is the dawn of a sterilized age in which sterilized corporations shall sell sterilized goods at sterilized prices and by sterilized methods. All the germs are to be extracted. If you make a little agreement to buy your raw material to sell your finished product, to steal a process from your neighbor, to fake the quality of your goods, to "get the jump" on a new market line—in fact to do any naughty thing—the trade commission will get you if you don't watch out.—C. M. Keys in the World's Work.**Friend of Chinese.** Miss Amy Wren, a Brooklyn lawyer, has within the last few years defended a number of Chinamen. She says that her practise among them has been most satisfactory, and that they can be depended upon whenever they tell you anything. In eight years she has never lost but one case for the Chinese, and that was the case of a man who was convicted on the charge of manufacturing opium. In order to defend a Chinaman in New Haven recently she had to be admitted to the Connecticut bar. A New York Chinaman of some prominence says that Miss Wren is as capable as any man and more energetic than most of them.**EXCELLENT PAPERS READ BY  
MEMBERS AND VISITORS**

The regular monthly meeting of the W. C. T. U. was held in the auditorium of the Congregational church on Friday evening of last week. The meeting was a very interesting one and well attended. Fine papers were read and excellent remarks were made by some of the members and several of the visitors present.

Mrs. Stephen Findley had charge of the program which was a most excellent one.
